

Home-Schooled SDHSRA Member,

I want to remind you of the SDHSRA Report card guidelines so you can make sure there are no problems with your report cards when they are checked at the Regional Rodeos.

Report Card Requirements

- The requirements are the same for those in the public & private school system and those that are being home-schooled.
- **You need to have your year-end report card by the first Regional Qualifying rodeo, May 31st, 2024**
- If they are not issued until that week and you cannot get it, you need to bring it no later than the second Regional Rodeo in order to compete.
- **This is a requirement EVEN IF your home school program is year-round.**
- **You need to have the year's work completed in time to get the year-end report card by May 31st, 2024.**

If you work with a home-school organization, clarify with them when you must have your year-end work completed in order to get your report cards by May 31st, 2024.

You may need to contact them ahead of time and let them know that you need it. Please do, so that you can rodeo this spring.

This is your responsibility.

Practice rodeos will soon be under way and spring should be here as well.

**Good luck as you work toward the goal of making the
South Dakota National Team!**
